

PRODUCT SAFETY DATA SHEET

RELAY P

1. Identification of the Preparation and the Company:

Trade Name: HEADLAND RELAY P
A herbicide for use in agricultural grassland

Company Identification:

Headland Agrochemicals Ltd
Norfolk House
Great Chesterford Court
Great Chesterford
Essex CB10 1PF

Tel: +44(0)1799 530146

Fax: +44(0)1799 530229

E-Mail:

enquiry@headlandgroup.com

2. Composition:

Ingredient	CAS No	Conc'n	Class'n	Risk Phrases
CMPP-P	1648-77-88	200 g/l	Xn, Xi	R20/22, 38,41
MCPA	5221-16-9	200 g/l	Xn, Xi	R20/22, 41
Dicamba	10007-85-9	25 g/l	Xn, Xi	R20/22, 41
PCOC	1570-64-5	<2g/l	T+, C	R26/27/28, 35

3. Hazards:

Harmful by inhalation, in contact with skin and if swallowed. Risk of serious damage to eyes. Harmful to aquatic organisms

EU Classification Xn (Harmful)

4. First Aid Measures:

Eyes: Irrigate gently with clean water for at least 15 minutes. Send to hospital without delay

Skin: Remove contaminated clothing. Wash thoroughly with soap and water.

Seek medical attention if any irritation or redness persists.

Ingestion: Check breathing and heartbeat and give cardiac massage/artificial respiration if necessary.

If conscious, give two glasses of water to drink.

Keep patient at rest and obtain medical attention/send to hospital.

Inhalation: Remove from exposure and provide maximum ventilation
If unconscious, secure airway and place in recovery position
If heart-beat is absent, give external cardiac compression
If there is coughing or difficulty breathing, keep at rest in a position of maximum comfort
If there is cyanosis (blueness of lips) administer oxygen by facemask Send to hospital without delay.

5. Fire Fighting Measures

Headland Relay P will not burn. If involved in a fire, decomposition fumes

Headland Relay 1 will not burn. If involved in a fire, decomposition flames and vapours will be toxic. Fire fighters should wear breathing apparatus. Use dry chemical, foam, water spray, carbon dioxide, sand or earth. Prevent entry of the product or contaminated water into watercourses ditches or drains by bunding the area with sand or earth if possible.

6. Accidental Release (Spillage)

Wear suitable protective clothing (see Section 8). Remove contaminated clothing immediately. Do not eat drink or smoke. Keep bystanders away. Recover gross spillage by pumping using an explosion-proof pump or absorb small quantities onto a suitable absorbent (sand or earth). Transfer to a labelled container for later removal to a safe place for disposal. Flush the area with plenty of water when all the spillage has been removed. Prevent the spillage from entering watercourses sewers or drains. Inform the authorities if contamination of waterways, sewers or drains is threatened or occurs.

7. Storage and Handling

Keep in original container, tightly closed.
Keep cool and dry in a suitable agricultural chemical store under lock and key
Keep away from food, drink and animal feedingstuffs and out of reach of children.
Avoid contact with skin, eyes or clothing. Avoid breathing vapours.
Protect from frost – store above 5C

8. Personal Protection

Wear coveralls, suitable protective gloves and face-shield to BS2092 when handling the concentrated product or contaminated surfaces and dealing with spillages. Avoid breathing the spray mist when using.
Decontaminate all personal protective equipment after use.

Occupational Exposure Limits: None assigned

9. Physical and Chemical Properties

Appearance: a clear brown liquid
Odour: characteristic, phenolic
Boiling point/range: >100°C
Vapour pressure: Negligible
Solubility: Completely soluble in water
Specific Gravity: 1.245 – 1.275
PH: 9 - 11

10. Stability and Reactivity

Stability: Very stable. Stores for at least 2 years in original containers in normal agricultural chemical storage conditions.

Reactivity: Avoid contact with acids. May corrode aluminium and zinc.

Decomposition: may generate oxides of carbon and nitrogen and hydrogen chloride if heated to decomposition.

11. Toxicological Information

Acute Toxicity:

Acute oral LD50: >847 mg/kg.bw (rat)
Acute dermal LD50: >1570 mg/kg.bw (rat)
Inhalation LC50: >4.8 mg/l for 4 hours (rat)
Irritancy: Irritating to skin and eyes.

12. Environmental Protection

Harmful to aquatic organisms. Do not contaminate surface waters or ditches with chemical or used container.

LC50 (96 hour): Rainbow trout 240-750 mg/l
 Carp >240 mg/l
 Bluegill: >135 mg/l

13. Disposal of Unwanted Product and Used Containers

Consult the local authorities before disposing of unwanted chemical. The recommended method for disposal is to mix with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Dispose of containers by burning or as permitted by local authorities. Do not re-use containers for any purpose.

14. Transport Information

Road Transport: Not hazardous
UN Number: None
Proper Shipping Name: None
UN Class: Not classified
CPL Packing Group: None
ADR/RID Description: Not applicable
IMDG Class: Not classified

15. Regulatory Information

Hazard Symbol: Primary Symbol Harmful Xn
Risk Phrases: R20/21/22 Harmful by inhalation, in contact with skin
 and if swallowed
 R41 Risk of serious damage to eyes
 R52 Harmful to aquatic organisms

S phrases:

S2 Keep out of reach of children
S25 Avoid contact with eyes
S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
S36/37/39 Wear suitable protective clothing, gloves and eye/face protection
S57 Use appropriate containment to avoid environmental contamination

16. Other Information

The above information is intended to give health and safety guidance on the storage and transport of the substance or product to which it relates. It is not intended to apply to the use of the product, for which purpose the product label and any appropriate technical usage literature available should be consulted and any relevant licences, consents or approvals complied with. The requirements or recommendations of any relevant site or working procedure, system or policy in force or arising from any risk assessment involving the substance or product should take precedence over any of the guidance contained in this safety data sheet where there is a difference in the information given. The information provided in this safety data sheet is accurate to the best of the issuer's available knowledge at the date of publication, and will be updated as and when appropriate. No liability will be accepted for any loss or damage resulting from any failure to take account of

accepted for any loss or damage resulting from any failure to take account of information or advice contained in this safety data sheet.

Relay P is approved by the Pesticides Safety Directorate for use as a herbicide.

Registration No. MAFF 08580

Headland and Relay are registered trade marks
