---

BASF Safety data sheet according to Regulation (EC) No. 1907/2006

Date / Revised: 04.09.2009

Product: **SOREXA D**

Version: 1.0

(30471083/SDS\_GEN\_GB/EN)

Date of print 05.09.2009

---

## 1. Substance/preparation and company identification

### **SOREXA D**

Use: rodenticide, biocide

Company:BASF SE  
67056 Ludwigshafen  
GERMANYContact address:BASF PLC  
PO Box 4, Earl Road  
Cheadle Hulme, Cheshire  
GREAT BRITAIN  
SK8 6QG  
Telephone: +44 161 485-6222  
Telefax number: +44 161 4274  
E-mail address: product-safety-north@basf.comEmergency information:International emergency number:  
Telephone: +49 180 2273-112

---

## 2. Hazard identification

### **According to REGULATION (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures**

Label elements and precautionary statement:

The product does not require a hazard warning label in accordance with GHS criteria.

Classification of the substance and mixture:

No need for classification according to GHS criteria for this product.

BASF Safety data sheet according to Regulation (EC) No. 1907/2006  
Date / Revised: 04.09.2009  
Product: **SOREXA D**

Version: 1.0

(30471083/SDS\_GEN\_GB/EN)

Date of print 05.09.2009

### Possible Hazards

No specific dangers known, if the regulations/notes for storage and handling are considered.

---

## 3. Composition/information on ingredients

### Chemical nature

rodenticide

Contains: Difenacoum (Content (W/W): 0.005 %)

---

## 4. First-Aid Measures

General advice:

Remove contaminated clothing.

If inhaled:

Keep patient calm, remove to fresh air.

On skin contact:

Wash thoroughly with soap and water.

On contact with eyes:

Wash affected eyes for at least 15 minutes under running water with eyelids held open.

On ingestion:

Rinse mouth and then drink plenty of water.

Note to physician:

*Information on: Difenacoum*

*Hazards: The product contains a blood coagulation inhibitor. Symptoms of poisoning may only appear after several hours.*

-----  
*Information on: Difenacoum*

*Treatment: Symptomatic treatment (decontamination, vital functions). Medical monitoring for at least 24-48 hours.*

*Antidote: Vitamin K1 preparation as antidote.*

-----

---

## 5. Fire-Fighting Measures

Suitable extinguishing media:

water spray, dry extinguishing media, foam, carbon dioxide

Special protective equipment:

Wear self-contained breathing apparatus and chemical-protective clothing.

Further information:

Keep containers cool by spraying with water if exposed to fire. In case of fire and/or explosion do not breathe fumes. Collect contaminated extinguishing water separately, do not allow to reach sewage or effluent systems. Dispose of fire debris and contaminated extinguishing water in accordance with official regulations.

---

## 6. Accidental Release Measures

Personal precautions:

Avoid contact with the skin, eyes and clothing. Avoid inhalation. Use personal protective clothing.

Environmental precautions:

Do not discharge into the subsoil/soil. Do not discharge into drains/surface waters/groundwater.

Methods for cleaning up or taking up:

For large amounts: Contain with dust binding material and dispose of.

Collect waste in suitable containers, which can be labeled and sealed. Clean contaminated floors and objects thoroughly with water and detergents, observing environmental regulations. Incinerate or take to a special waste disposal site in accordance with local authority regulations.

---

## 7. Handling and Storage

### Handling

No special measures necessary if stored and handled correctly. If dead and/or dying rats or mice are found during and after the control program, these must be cleared away immediately in order to avoid secondary poisoning phenomena. Do not apply in the open (use bait boxes, bait cartons or foil bags).

Protection against fire and explosion:

Avoid dust formation. Avoid deposition of dust. Prevent electrostatic charge - sources of ignition should be kept well clear - fire extinguishers should be kept handy.

### Storage

Segregate from foods and animal feeds.

Further information on storage conditions: Protect against moisture. Keep away from heat. Protect from direct sunlight.

Storage stability:

Storage duration: 24 Months

---

## 8. Exposure controls and personal protection

### Personal protective equipment

Respiratory protection:

Breathing protection if breathable aerosols/dust are formed. Particle filter with medium efficiency for solid and liquid particles (e.g. EN 143 or 149, Type P2 or FFP2)

**Hand protection:**

Although gloves are not required for the safe use of the product, they are recommended for protection against rodent-borne diseases.

**Eye protection:**

Required when there is a risk of eye contact.

**Body protection:**

Body protection must be chosen based on level of activity and exposure.

**General safety and hygiene measures:**

Avoid contact with the skin, eyes and clothing. Wearing of closed work clothing is recommended. Remove contaminated clothing immediately and dispose of safely. Store work clothing separately. Keep away from food, drink and animal feeding stuffs. No eating, drinking, smoking or tobacco use at the place of work. Hands and/or face should be washed before breaks and at the end of the shift.

---

## 9. Physical and Chemical Properties

Form: Seeds, oily  
Colour: blue  
Odour: almost odourless

pH value:  
insoluble

Flash point:  
Non-flammable., The product has not been tested. The statement has been derived from the properties of the individual components.

Flammability: not highly flammable

Ignition temperature:  
No data available.

Self ignition:  
The value has not be determined because of the low risk of self-ignition in consequence of the high flash-point.

Explosion hazard:  
Based on the chemical structure there is no indicating of explosive properties.

Fire promoting properties: Based on its structural properties the product is not classified as oxidizing.

Bulk density: 0.74 g/ml  
(20 °C)

Solubility in water: insoluble

---

## 10. Stability and Reactivity

Hazardous reactions:

No hazardous reactions when stored and handled according to instructions.  
The product is chemically stable.

Hazardous decomposition products:

No hazardous decomposition products if stored and handled as prescribed/indicated.

---

## 11. Toxicological Information

### Acute toxicity

Assessment of acute toxicity:

Virtually nontoxic after a single ingestion. Virtually nontoxic by inhalation. Virtually nontoxic after a single skin contact. The product has not been tested. The statement has been derived from the properties of the individual components.

### Irritation

Assessment of irritating effects:

Not irritating to eyes and skin. The product has not been tested. The statement has been derived from the properties of the individual components.

### Respiratory/Skin sensitization

Assessment of sensitization:

There is no evidence of a skin-sensitizing potential.

### Germ cell mutagenicity

Assessment of mutagenicity:

No data available.

### Carcinogenicity

Assessment of carcinogenicity:

No data available concerning carcinogenic effects.

### Reproductive toxicity

Assessment of reproduction toxicity:

No data available concerning reproduction toxicity.

### Developmental toxicity

Assessment of teratogenicity:

No data available concerning teratogenic effects.

### **Repeated dose toxicity and Specific target organ toxicity (repeated exposure)**

Assessment of repeated dose toxicity:  
No data available.

### **Other relevant toxicity information**

Misuse can be harmful to health.

---

## **12. Ecological Information**

### **Ecotoxicity**

Assessment of aquatic toxicity:  
No data available concerning aquatic toxicity. There is a high probability that the product is not acutely harmful to aquatic organisms.

Assessment of terrestrial toxicity:  
Hazardous to birds and mammals.

### **Persistence and degradability**

Assessment biodegradation and elimination (H<sub>2</sub>O):  
The product is virtually insoluble in water and can thus be separated from water mechanically in suitable effluent treatment plants.

---

## **13. Disposal Considerations**

Must be dumped or incinerated in accordance with local regulations.

The UK Environmental Protection (Duty of Care) Regulations (EP) and amendments should be noted (United Kingdom).

This product and any uncleaned containers must be disposed of as hazardous waste in accordance with the 2005 Hazardous Waste Regulations and amendments (GB)

Contaminated packaging:  
Contaminated packaging should be emptied as far as possible and disposed of in accordance with official regulations after being thoroughly cleaned.

---

## **14. Transport Information**

### **Land transport**

ADR

Not classified as a dangerous good under transport regulations

RID

## 15. Regulatory Information

**Regulations of the European union (Labelling) / National legislation/Regulations**

Directive 1999/45/EC ('Preparation Directive'):

The product does not require a hazard warning label in accordance with EC Directives.

**Other regulations**

The data should be considered when making any assessment under the Control of Substances Hazardous to Health Regulations (COSHH), and related guidance, for example, 'COSHH Essentials' (United Kingdom).

---

## 16. Other Information

Consult the product label for additional details.

---

Vertical lines in the left hand margin indicate an amendment from the previous version.

If you have any queries relating to this MSDS, its contents or any other product safety related questions, please write to the following e-mail address: [product-safety-north@basf.com](mailto:product-safety-north@basf.com)

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.
