

FAM[®] 30

Multi-purpose iodophor disinfectant

Extremely powerful & fast acting.

Defra Approved (Foot & Mouth, Swine Vesicular, Poultry, TB and General Orders)

Listed in the Aquatic Disinfectant Listing Scheme.

DEFRA Approved
(Foot & Mouth, Swine Vesicular,
Poultry, TB & General Orders)

FAM[®] 30 is bactericidal,
fungicidal & virucidal offering
excellent protection.

- Active in the presence of organic matter.
- Quickly kills bacteria, viruses & fungi, cleans & disinfects in one operation.

GENERAL CLEANING AND DISINFECTION:

When using in livestock housing: Remove all portable equipment, litter and manure and clean to remove heavy soiling. Apply disinfectant after adjusting the dilution to suit soil level and/or disease specific history of the house — i.e. between one part FAM[®]30 to between 100 and 550 parts of water. Allow the area to dry if possible before replacing equipment and restocking. Also use a solution of FAM[®]30 to treat buckets, cages, hatchery trays, drinkers, crates and other non-porous surfaces.

WHEEL AND FOOTBATHS:

Use at a dilution of 1:90 and renew daily.

AERIAL DISINFECTION:

Apply at a suitable dilution rate through a mist generator.

OTHER USES:

FAM[®]30 is a powerful and versatile detergent disinfectant, which may be used for a variety of applications in animal husbandry. Follow the DEFRA approved dilutions as shown on the label and if used for PRRS (Blue Ear Disease) dilute 1:200 with water.

FISH NETS, HOLDING TANKS AND CRATES:

Use FAM[®]30 at a dilution of 1:100 to prevent the spread of disease in ponds and fisheries.

Further information on specific uses and dilutions is available on request.

See **FAM[®]30 MICROBIOLOGICAL PROFILE** for test results.

5l Order Code: R067EEV2

Pack: 2 x 5 litre (12.27 kg)

Pallet: 60 Packs

25l Order Code: R067KEV

Pack: 25 litre (30.29 kg)

Pallet: 24 Each

200l Order Code: R067NEV

Pack: 200 litre (242.62 kg)

Pallet: 4 Each

PRODUCT INFORMATION:

Appearance:	Dark brown liquid
Odour:	Faint surfactant / Iodine
pH - undiluted:	0
Shelf life:	3 years

COMPOSITION: Contains a blend of iodine, sulphuric acid & phosphoric acid.

BIODEGRADABILITY: All surfactants used in Evans Vanodine products comply with the current European Regulations concerning biodegradability & protection of the environment.

QUALITY ASSURANCE: This product is manufactured in the U.K. by EVANS VANODINE INTERNATIONAL PLC under an ISO 9001 Quality Management System Cert. No. FM 09535 and an ISO 14001 Environmental Management System Cert. No. EMS 506072 registered by the British Standards Institution.
