

BlitzKits. FLEA FIX

Protector Natural Insect Killer

STATUTORY CONDITIONS RELATING TO USE

FOR USE ONLY AS AN INSECTICIDE
FOR AMATEUR AND PROFESSIONAL USE.

Application rate:

Surface Spray: Spray from a distance of 30 cm for 4-6 seconds per 12 m² of surface.
Space Spray: Spray into the air for 2-3 seconds to treat an average sized room (30 cm³).

Users must comply in full with all their responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

READ ALL PRECAUTIONS BEFORE USE. (HSE 8399)

PCS No: 95376

To avoid risks to man and the environment, comply with the instructions for use.

- ★ Wear suitable protective clothing and gloves.
- ★ Do not breathe spray mist.
- ★ Do not contaminate foodstuffs, eating utensils or food contact surfaces.
- ★ This material and its container must be disposed of in a safe way.
- ★ Keep away from treated surfaces until dry.
- ★ Do not empty into drains.
- ★ Cover all water storage tanks before application.
- ★ Remove or cover all fish tanks and bowls before application.
- ★ Do not contaminate ground, water bodies or watercourses with chemicals or used container.
- ★ All bats are protected under the Wildlife and Countryside Act 1981. Before treating any structure used by bats, consult Natural England, Scottish Natural Heritage or the Countryside Council for Wales.
- ★ For Ireland: all bats are protected under Schedule 5 of the Wildlife Acts (1976 and 2000). Before treating any structure used by bats, consult the National Parks and Wildlife Service.
- ★ Do not apply directly to animals.
- ★ Hazardous to bees.

FOR USE ONLY BY PROFESSIONAL OPERATORS. The following additional precautions apply:

- ★ The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work.
- ★ Engineering control of operator exposure must be used where reasonably practicable in addition to the following items of personal protective equipment.
- ★ Wear suitable protective clothing, suitable gloves and eye/face protection.
- ★ Avoid excessive contamination of coveralls and laundry regularly.
- ★ However, engineering controls may replace personal protective equipment if a COSHH assessment shows they provide an equal or higher standard of protection.
- ★ Do not apply directly to livestock and poultry.
- ★ Exclude all persons and animals during treatment.
- ★ Read all precautions before use.
- ★ Collect eggs and remove feed, exposed water and milk before application.
